

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_87071
Title of the Manuscript:	Lethal effects of Red macro algal extracts against Tobacco cutworm, <i>Spodoptera litura</i> Fabricius
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Please mention Initial quantity of dried macro algae powder quantity used in the extraction in Materials and Methods</p> <p>In Results and discussion Please discuss about the merits or demerits in comparison with <i>Bacillus thuringensis</i> and Entamopathogenic bacteria or Entamopathogenic nematodes in comparison with the red algae extracts</p>	
Minor REVISION comments	Some Grammatical and typographical errors are there please correct them	
Optional/General comments	Questions for the author 1. Why only polar solvents were used for extraction and whether any extraction was done with non-polar solvents. If so which are best in case of red algae extraction? 2. Whether any initial weights of dried red algae were fixed to like 100 mg, 200 mg, 300 mg, 400 mg etc., for extraction of metabolites? 3. Whether larval injection method was used for testing letality?	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
