

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_87751
Title of the Manuscript:	Effect of Zinc Fortification on Growth and Yield of Finger millet (<i>Eleusine coracana</i> L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1) Please explain more on the materials and methods of the research why other methods of testing were not used, such as the Duncan test or the LSD.2) The manuscript is kindly requested to explain more in the materials and methods of the manuscript about how the traits were measured, as we infer from the results and discussion that the existing harvest index does not match of seed yield and biological yield. Please make sure of its calculation.	
Minor REVISION comments	<ol style="list-style-type: none">1) Why have the components of the seed yield not been studied?2) Some sources are old. Please the researcher replace them, if possible, with sources of events	
Optional/General comments	<ol style="list-style-type: none">1) Thus, I manuscript. It is preferable to conduct a soil analysis to show the extent of the lack of nutrients that are used and the concentrations that plants need in this soil.2) Please add some Reference.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
