

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Plant &amp; Soil Science</a>
Manuscript Number:	Ms_IJPSS_88839
Title of the Manuscript:	Subsurface drip fertigation, irrigation regimes and short duration pulses on productivity of cotton-Maize cropping sequence
Type of the Article	

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy> )

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The authors have conducted the two year experiment entitled "Subsurface drip fertigation, irrigation regimes and short duration pulses on productivity of cotton-Maize cropping sequence," in which they have evaluated the subsurface drip fertigation, irrigation regimes and short duration pulses on productivity of cotton-m maize cropping system. The paper has been written well and is in accordance with format of the journal. However, there are some issues to be resolved before final acceptance of the paper. 1. Abstract: is written well conveying the meaningful message to the readers. Please do the changes as suggestion in this section. 2. Introduction: Little bit lengthy. Add relevant reference as suggested. 3. Materials and methods: Initial soil status of the soil needs to be reported 4. Result and discussion: For better presentation of the result, analysis of pooled mean may be given and inferences may be drawn for reaching valid conclusions. 5. References are not as per journal guideline. Please add reference as per suggestion. Do all the relevant changes in the MS as suggested. Also give point wise reply for comments shown in the MS.	
<b>Minor</b> REVISION comments	There are syntax and grammar errors. Please do remove those from the MS.	
<b>Optional/General</b> comments	--	

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
