PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The methods section has not included the classification or quality of the FYM and vermicompost used.</p> <p>The method section also doesn't show the measured parameters and the reasons for choosing these parameters</p> <p>The discussion in the economic sub-discussion has not calculated labor and transportation costs</p>	
Minor REVISION comments	<p>The abstract does not contain the formulation of the problem that provides reasons for the importance of this research</p> <p>Why does the conclusion section not include the results of the economic analysis, to match the title of the article?</p>	
Optional/General comments	As a fairly standard study, it only ignores several factors, such as FYM quality, vermicompost and the economic calculation does not take into account labor and transportation factors.
