

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_89527
Title of the Manuscript:	RESPONSE OF NITROGEN AND PHOSPHORUS ON GROWTH AND YIELD OF LENTIL (<i>Lens culinaris medik.</i>)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> • Improve grammar (and spelling mistakes). • The full scientific name of the species (with name or sign of author) should be used in the text when first mentioning it. • More comparative literature would be required in the Introduction section • The description of materials and methods sufficiently not informative. Control treatment is not clearly understandable. Details results of the soil analysis would be beneficial in a tabular form. • A more comparative discussion would be required. Authors cited mainly chemical nature in this chapter, therefore updating the cited publications would be favourable. • Citations and reference writing should be as per the format of the Journal. • The Reference section does not match journal criteria in many regards • There are many typos and other comments that need attention. Please refer to other comments/edits made on the attached version of the document. <p>Considering the above-said comments manuscript needs revision and should be re-submitted as fresh one.</p>	
Minor REVISION comments		
Optional/General comments
