PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The concept of the work was good and the introduction too.2. The materials and methods can be litter more clear with number of plants in each treatment etc3. The sentence formation in most of the places in describing the result was very poor. (few highlighted in the article attached)4. The result was not properly discussed. Simply the data was presented in table as well as text format. It should be properly discussed with the literature.5. Very poor literature survey.	
Minor REVISION comments		
Optional/General comments
