General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijtdh.com/index.php/IJTDH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article needs revision with regard to the presentation of data The tables and tabular columns should be structured and arranged in the proper format of a table. Please see published articles in standard journals for reference. Some of the data are surprising, like the low number of Common issues like acute abdomen seen in in the study. Please avoid mentioning the name of hospital in the manuscript, it is to be understood from the title and affiliation. Just mention the type of hospital. The spacing in sentences and paragraphs are non uniform. The structure of the article should conform to that of any good manuscript. Please avoid repetition of statements and edit the duplications in information.	
Minor REVISION comments	The same data can be presented in a more lucid and structured manner.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
