General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalejmp.com/index.php/EJMP/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Add more write up in the method and introduction. In the body write more about Anaemia and the attacks the children had. Adding more write up will make your work more richer being one Topic I have not seen before. It is a nice one. Put more information.	
Minor REVISION comments	2 table is fine in the result section but you can add table S for the parents status in kids used in relation to the environment and their health. Secondly you can add charts and graphs to the 2 tables in the result section.	
Optional/General comments	A unique research. Well done and thank you.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
