Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The abstract does not address the objective of the work nor the results found with a review. It needs to be completely redone.</p> <p>Inhaled and lethal are inappropriate keywords, I suggest modifying.</p> <p>The manuscript needs a thorough correction of the English.</p> <p>In item 2. FREE-LIVING AMOEBA the scientific name Acanthamoeba spp. it's not in italics</p> <p>Even if it is a review article, it is necessary to have a topic on the methodology addressing which databases were chosen for the research of the articles used in the references, if a delimitation of years was made, which keywords were used in the search for these manuscripts.</p> <p>The conclusion should also be better explored by approaching the general conclusion of the work well.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
