General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijtdh.com/index.php/IJTDH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The research is original and it's of great contribution to the medical line. However, the following corrections have been made.</p> <ol style="list-style-type: none"> 1. Microbial names should start with a capital letter. For example (page 1 line 4 from the bottom of the page), Schistosoma should start with a capital letter. 2. The researcher needs to justify his or her references so that they align perfectly. <p>After the above corrections have been corrected, I recommend the manuscript for publication in the International Journal of TROPICAL DISEASE & Health</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
