### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalirjgh.com/index.php/IRJGH/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. thee between 10-17 is better to call them teenager not children.</li><li>2. add the check list that you depend on it in the section of methodology and not only mention it for the first time in the results.</li><li>3. in the discussion, you don't need to mention the title of the research and you just need to mention the first author or even just need the no. of the reference listed in your references section (you can add the place or the year that mentioned in the previous studies that you use it as a reference and also this is optional).</li><li>4. the conclusion section seems as a repeat of the abstract and there is no need for this repetition, you just write your final conclusions in a maximum of not more than 10 lines.</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
