

Review Form 1.6

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_76240
Title of the Manuscript:	Microbial profile and detection of bio-catalytic enzymes from bacterial derivatives in selected agrowastes
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Kindly include introduction in the abstract In introduction – need to include importance of your study, problem statement and why the method used is useful in food industry with the enzymes synthesised. Methods – good Results – include photos of culture for morphologies study Need to explain/include more on the agrowastes uses based on previous latest research.	
Minor REVISION comments	Check format according to Journal's guidelines	
Optional/General comments	Other comments/suggestions as stated in the manuscript for your perusal. Good work.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
