

Review Form 1.6

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_86601
Title of the Manuscript:	Effects of Helianthus annuus and Anthocleista djalensis on Staphylococcus aureus and Escherichia coli
Type of the Article	Research Manuscript

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journaljabb.com/index.php/JABB/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	This manuscript propound that Helianthus annuus and Anthocleista djalensis are effective antibacterial agents against <i>S. aureus</i> and <i>E. coli</i> and have the potential to be utilized for the treatment of bacterial infections. There is not any error in this manuscript. I suggest that the author could offer one or two pictures about this experimental result. A few grammar mistakes may be checked out carefully. Thank you.	
Optional/General comments	Add a few pictures in order to show the experimental evidences in detail.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
