

Review Form 1.6

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	Ms_JAERI_80575
Title of the Manuscript:	Meat Production from Cull Bali Cows as Compared to Ongole Cows
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljaeri.com/index.php/JAERI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Number of replication is too low to come in conclusion; it should be at least 5. Both genders under each breed should be taken instead of female only.</p> <p>In Materials and Methods housing and feeding of cattle should be mentioned in details as all those factors had effect on carcass traits and carcass quality</p> <p>In Materials and Methods reference for statistical analysis is not mentioned and it would reflect in reference list also.</p> <p>In Materials and Methods even no reference was given for conducting study of carcass traits as well as carcass quality and it would reflect in reference list also.</p> <p>In Table-2 and Table-3, data should be subjected to Critical Difference test and accordingly superscripts should be given above the mean value.</p>	
Minor REVISION comments	<p>Conclusion part should be written much better way.</p>	
Optional/General comments	<p>In the text et al should be italics.</p> <p>Old reference should be avoided and reference should be as per journal format.</p>
