### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>It is an important topic for public health and food safety to prevent infectious diseases. The study has done well in investigating the pathogen-causing diseases in the Democratic Republic of Congo (DRC). The study has highlighted some of the major causes of the high consumption of animals.</p> <p>there is a need to provide the method that will be used in analyzing the collected data. Which software did the researcher use in the analysis- whether SPSS or STATA or R.?</p> <p>Noted an incomplete and typos throughout the sentence, which I have highlighted; need to be fixed it.</p>	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
