(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Explanation how to differentiate between <i>Taenia solium</i> and <i>T. saginata</i> cysts in fly gut is necessary. As fly feed by sponging and sucking the cell sap how does the cysts enter in the gut is a question  Hookworm eggs have very short life span as they hatch as early as few hours. Same question arise as how do they survive in sponging their feed.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
