PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	1.Authors are requested to arrange the keywords in alphabetical order 2.Use uniform font while writing the manuscript. 3.Kindly follow the journal's authors instruction to write the references as there is no uniformity in references.	
Optional/General comments	The article is nicely written and informative with lot of work. There is kind suggestion to authors that, if it is possible they should divide the article as per hematological histopathology and biochemical parameters. So that, they will have 2 articles from the research carried.	

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
