PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Few writing errors were marked need to be corrected.2. In materials section, using soil contaminated with oil on MSA could yield bacterial colonies. It is highly recommended to mention the type of bacterial antibiotic used to prevent their growth, since your work mostly focused on fungi.3. In results discussion you mentioned that colonies appeared when King B agar was utilized by them, wouldn't that be a conflict with the idea behind the study since you aim to isolate hydrocarbon utilizing fungi?	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
