Manuscript Number:	Ms_JAMB_77095
Title of the Manuscript:	A survey on factors influencing COVID-19 Vaccine Hesitancy in the Bamenda-Cameroon
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I think that the authors should add the questionnaire they have used as an annex to the paper. Also, please provide information related to the questionnaire validation process (have you used SEM?, what are the values reported for the main indicators used in questionnaire validation). Last, I believe that the age of the respondents is quite low. How have you ensured the representativity? Please add limitations in which you clearly state that the results you have obtained are relevant for a sample with the characteristics written in the paper in the descriptive statistics table.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
