### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The entire body of the manuscript is typed in UPPERCASE.</p> <p>Please mention statistical figures below on million as hundreds of thousands (e.g., 300,000 rather than 0.3 million).</p> <p>Kindly include the questionnaire implemented for collecting the data.</p>	
<b>Minor</b> REVISION comments	<p>Inclusion of the initial presentation in terms of clinical features rather than critical or mild would be more impactful.</p> <p>A brief description of the toxicokinetics/clinical picture and institutional management protocol of PPD poisoning would be appreciated.</p>	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
