PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. Abstracts: seems simple narration, authors should organize this part by incorporating summary about effects of medicinal plants against SARS COV 2, methods and their findings and conclusions.</p> <p>2. Introduction; paragraph 2; how traditional healers prepare medicinal plants and how they administer them? Better to explain the way of preparations, route of administrations and potential effectiveness of herbal medicines. Paragraph 3, is there pharmacological proved drugs for corona virus?</p> <p>3. Include the mechanisms of symptoms of viral infections</p> <p>4. Authors only focus on anti retroviral drugs, better to include drugs for non retroviral treatments with their basic pharmacology</p> <p>5. Better to include the way of preparation, routes of administration and effects of herbal medicines by traditional healers</p> <p>6. Discussion;</p> <p>7. Better to focus on traditional medicinal plants with anti viral potentials</p> <p>8. Authors should discuss active secondary metabolite with proposed mechanisms</p>	
Minor REVISION comments	<p>Some grammatical errors should be corrected</p> <p>Authors should revise the manuscript by incorporated some mentioned comments.</p>	
Optional/General comments
