### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Very good paper, practically ready in this form for publication.	
<b>Minor</b> REVISION comments	Minor technical errors are present in the paper	
<b>Optional/General</b> comments	Finally I would like to add that I find the quality of this work very good and of sufficient importance to warrant publication with minor revision. The topic is very at first place very rare, current, relevant and practical with good idea of further studying the clinical rarity of military tuberculosis and SARS-CoV-2 coinfection and synergistic pathological effects of SARS-CoV-2 with other microorganisms .	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
