PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The type of article may be Case Reports/case series as author has presented no. of cases</p> <p>Abstract should include subheadings of Aim, presentation of case and conclusion</p> <p>Key words- author may kindly revise by replacing the word for eg tracheal stenosis instead of its types/causes and stricture. Should be precise and in alphabetical order</p> <p>Introduction- author has mentioned about post tubercular stenosis in the first paragraph while cases are of other causes also. Author may kindly mention about tracheal stenosis first, its incidence/prevalence, types with their relative prevalence, etc. Repetitions may kindly be avoided; Grammatical errors need corrections (some are highlighted in the article)</p> <p>Aim should be mentioned separately</p> <p>Ethical permission and Informed consent not mentioned</p> <p>Case presentations with the corresponding figures can be mentioned with the same format.</p> <p>There are many grammatical errors and some of the text need revision. Author may kindly look into this.</p> <p>Conclusion – Author may elaborate this part to bring out the relevance and this should be in line with the aim and objective of the study.</p> <p>Number of figures in case report should not be more than 5 according to journal guidelines, Author to kindly check.</p> <p>References – need to be arranged according to Vancouver style of referencing according to journal guidelines. Author to kindly correct this.</p> <p>Abbreviations used need to be elaborated.</p>	
Minor REVISION comments	Many grammatical errors and spellings that need correction	
Optional/General comments	-
