### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>There is so much knowledge about the heart. The article is a minireview but too much miniaturised.</p> <p>I wish some more points were added such as various diagnostic methods, at least ECG, troponinins, echocardiogram, angiography could have been mentioned.</p> <p>Some surgical procedures such as closure of septal defects, replacement of valves could be mentioned.</p> <p>At present the article is middle school level, not scientific journal level.</p>	
<b>Minor</b> REVISION comments	Nil	
<b>Optional/General</b> comments	Nil	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
