PART 1: Review Comments

	Reviewer's comments	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
	<i>SUGGESTIONS:</i>	
Compulsory REVISION comments		
All Tables and Figures.....	Please, adjust the dimensions of all 'Tables' and centralize all 'Figures' looking for a harmonious distribution within the main text, in plain compliance with the Editor's Norms.	
RESULTS	Also, observe:	
593 tests were done.....	Table 1 : "Total Tests (Positive Tests)" are repeated details in three columns. Such a details may be explicit just once in the corresponding text!	
Figures 1 and 2	Table 2 : Centralize all figures in Columns 'Male N' and 'Female N'.	
	Please, avoid to initiate a Paragraph with a number.....	
	Observe general dimensions and their compatibility with the main text.	
Minor REVISION comments		
References (Main Text) {Ex : [1,2,5-9]...[1,7,9].....}	Use 'space' or interval after " , " : - Ex: "[1, 2, 5-9]" ... "[1, 7, 9]" ... etc.	
'ETHICAL APPROVAL'	Use Capital letters to define the Ethical Committee.	
'REFERENCES' {1-31 List}	Please, observe the appropriated punctuations and all Editor's Norms! {Ex: Observe the superfluous 'spaces' after REFERENCES enumerations!!}	
COMPETING INTEREST DISCLAIMER	Please, avoid expression like "...products <i>in our area</i> ..." - Prefer an impersonal approach....	
Optional/General comments		
General comments:	Due to the very important theme under consideration, I would suggest a General Review of this Article, under strictly observations of all Editor's Norms!	

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
