## Review Form 1.6

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	<p>A very interesting paper about the healing activity of the aqueous extract of <i>Diospyros hoyleana</i> leaves in comparison with that of BIAFINE®. The researchers are worthy of many congratulations for this remarkable experimental paper. I look forward for the next step that is to organize a randomized clinical trial.</p> <p>I cannot find the 13<sup>th</sup> citation.</p> <p>Please add if it is possible two relevant citations after 11, 12 citations (11,12,14,15).</p> <p>14.
