

## Review Form 1.6

|                          |                                                                           |
|--------------------------|---------------------------------------------------------------------------|
| Journal Name:            | <a href="#">Journal of Advances in Medicine and Medical Research</a>      |
| Manuscript Number:       | Ms_JAMMR_87979                                                            |
| Title of the Manuscript: | Progranulin/Tumor Necrosis Factor- $\alpha$ Ratio in Rheumatoid Arthritis |
| Type of the Article      | Original Research Article                                                 |

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

|                                     | Reviewer's comment                                                                                                                            | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments |                                                                                                                                               |                                                                                                                                                                               |
| <b>Minor</b> REVISION comments      |                                                                                                                                               |                                                                                                                                                                               |
| <b>Optional/General</b> comments    | The article is well prepared and will contribute to the literature. However, references need to be updated according to the journal template. |                                                                                                                                                                               |

### PART 2:

|                                              | Reviewer's comment                                                    | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|----------------------------------------------|-----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) |                                                                                                                                                                               |
