PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Generally, many grammatical errors and some typo errors. The title is not appropriate based on the written content, the aim of the study, not appropriately written, the results in the abstract did not highlight the significant findings in an organized manner in line with the study objectives/aim, In the methods section, the sampling technique was stated, but was not conducted appropriately, Logistic regression was stated but no evidence that it was performed. Tables 2,3,4,5 did not have appropriate titles and in some cases did not depict the contents. SEE ATTACHED MANUSCRIPT FOR FURTHER COMMENTS	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
