Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Title: avoid unknown abbreviations in the title Low power generated what? The title sounds vague. Remove by from the title, it will make more sense.</p> <p>Abstract: Why is the first sentence past tense? Result sentence of the abstract is vague, please add concrete numbers to it.</p> <p>Introduction What is the importance of the first sentence in the introduction? This pathogen is not new, why should we use the word recently? First sentence second paragraph, are you sure of what you are saying? What about the antivirals, vaccinations you talked about above?</p> <p>Discussion Rewrite the discussion, you are supposed to discuss our results first and thoroughly explain why you think you got them. Then you can later compare with other studies. You have done the opposite.</p>	
Minor REVISION comments	Proof reading of the English language is required. Citations are missing.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
