PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Accepted with a single suggestion	
Minor REVISION comments	I suggest to the author that the colors of different shades of blue, be substituted by other colors, to facilitate the readers to the difference among the results.	
Optional/General comments	I would like to emphasize the importance of this research, I think it is relevant for researchers, it is data that corroborate the importance of the individual's lifestyle, and how much it influences risk factors for the development of cancer. Congratulations.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
