### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljcti.com/index.php/JCTI/editorial-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The case study was an excellent example for the new medical researcher who wish to learn about pancreatic carcinoma. But the article may require some major correction in the following such as 1. Abstract section must be rewrite with specific concrete information 2. Introduction must be rewrite with detailed literature 3. Case study section must be reoriented with systematic order by synchronization and avoidance of direct investigation report rather providing simple specific finding With graph 4. Discussion section required major correction. This section must be rewrite by similarity/dissimilarity of study finding along with literature review 5. Reference section must be rewrite with following the single style either Vancouver/Harvard 6. Absence of ethical approval, funding, authors contribution etc	
<b>Minor</b> REVISION comments	There is some minor correction such as must maintain the similar Front of the sentence rather providing Italic pattern	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
