### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>I the abstract, the researcher has failed to indicate the methodologies used in achieving the objectives.</p> <p>In the methodology, the research indicates one point using stratified and systematic sampling technique, on one hand he indicated using stratified an simple random. this should come clear and for whatever reason without the sample frame he could not have used the system sampling technique.</p>	
<b>Minor</b> REVISION comments	<p>The results are too basic and as a result most the results are presented in figures, this could be substituted with tables, Some other results on the figures are not well edited to make the figures look attractive. Also the author has not given any source to his results from beginning to the end.</p>	
<b>Optional/General</b> comments	<p>The paper needs serious proof reading to uplift the grammar. The grammar is too basic couple with the analysis</p>
