Type of the Article	Review Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljenrr.com/index.php/JENRR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	The section regarding US status in Climate Change Action regarding Paris Agreement needs to be revised. Events has overtaken the statement made and should be reflected by author(s).	
<b>Optional/General</b> comments	The paper is compact and precise in its delivery. It delimited areas of interest with clarity and will bring perspective to the relevance of policies and legislation to areas of climate action in mitigation and adaptation in the countries studied and beyond. Aside from the slight adjustment to the narrative of US and Paris Agreement, I will recommend the paper be published.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
