

## Review Form 1.6

Journal Name:	<a href="#">Journal of Engineering Research and Reports</a>
Manuscript Number:	Ms_JERR_78664
Title of the Manuscript:	Innovative and Sustainable Materials In Architecture Engineering
Type of the Article	Case study

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljerr.com/index.php/JERR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Comments to authors -Abstract, please separate vinylester to vinyl ester -Abstract, this materials, please change to "these materials" -Abstract, successful application, please change to "successful applications". -Abstract, both in architectural Engineering, please remove "both". Or add civil here too. -Please add freeze-thaw cycles definition in "foot note" -Please rephrase this sentence "The sustainability approach to design and construction challenges architects and engineers to weigh environmental factors, energy/resource consumption, social factors, economic considerations, and performance criteria". -Conclusions, further step toward field application, please mention filed e.g. application in architectural engineering or civil engineering, both or many more areas of application. -References, for websites, please mention date these websites were accessed.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
