

## Review Form 1.6

Journal Name:	<a href="#">Journal of Engineering Research and Reports</a>
Manuscript Number:	Ms_JERR_80122
Title of the Manuscript:	Paper for Screen Printing Applications – A Paper Development Study
Type of the Article	Original Research Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljerr.com/index.php/JERR/editorial-policy> )

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	Manuscript entitled "Paper for Screen Printing Applications – A Paper Development Study" describes the development of a screen-printing product for studio art applications. The manuscript is well organized, authors used the scientific methods in the research and they are adequately described. The results are clearly presented in detail and the conclusions are supported by the results. The authors showed an improvement of produced paper in mechanical and optical paper properties. The acceptance of the manuscript is suggested with minor corrections. In chapter 3.5. Paper Testing Results, Figure 11. is not correctly designated in a text (Figure 10. Is written instead of Figure 11.)	
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
