

## Review Form 1.6

Journal Name:	<a href="#">Journal of Engineering Research and Reports</a>
Manuscript Number:	Ms_JERR_90070
Title of the Manuscript:	The Strength Characteristics of Concrete Blended with Recycled Concrete, Quarry Dust and Broken Glass
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljerr.com/index.php/JERR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	Dear authors Have a good day Thank you, Invitation, to Review Manuscript for Journal of Engineering Research and Reports Firstly: The topic of this paper is very good Secondly: The language of this paper is not good; it needs to improve. Thirdly: There are no figures showing the experimental test and works. The references are little, it needs to improve. I have a question for authors about the mixes in any mix we have two variables materials how can I know the real effect of any materials on the properties of concrete. Finally, the format of line (Type, size) is not constant in all paper. With best Regards	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
