PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article talks about the mathematical educational trends. There is an important bibliography and an overview about the main challenges. However, there is no studies cases to compare the theoretical approach. Another remarkable point is: one of the highlight's learning strategies is the inquiry-based instruction the authors don't cite this approach. There are no revolutionary concepts in this article, but a didactic description of mathematical educational scenario.	
Minor REVISION comments	The manuscript needs an English grammar review.	
Optional/General comments
