PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Without a doubt, the article is of social and political interest. However, it has some aspects to improve: 1. It is recommended in the methodological section to specify the objective or each technique. 2. It is suggested to include the type of content analysis carried out, specify the author on which it was based. 3. It is recommended to discuss the results obtained regarding the role of fathers and mothers in terms of alcohol consumption, from the gender theory. 4. It is suggested to include proposals to work with the heads of families and the elderly and contribute to the breaking of these negative models.	
Minor REVISION comments	The expression "that they first used alcohol at the age of between 15-20 years. In FGDs it was revealed that, there is nowhere in the study area a customer is asked for his/her age before served with alcohol " is repeated in the same paragraph. It is suggested to review the list of references, as there are some errors in the format.	
Optional/General comments
