PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	A well-studied article in general terms. It would be appropriate to add only a few minor changes and references (marked in yellow in the article). Changing certain places terminologically is important for the reliability of the article. Especially the sentences that start with 'I think' should be changed. In some chapters, it would be more positive if she/he supported the findings with reference instead of writing as her/his own idea.	
Optional/General comments
