<b><u>Optional/General</u></b> comments	<ol style="list-style-type: none"> <li>1. The Paper could be less in pages if the author brings out only the key analysis from the tables, without necessarily repeating the values in the tables into the narrative, as this could amount to tautology and data redundancy. This is best by comparative analysis, trend analysis and any other narrative that the table does not present in the values.</li> <li>2. A review of originality by taking cited work in context without necessarily copying word for word would help</li> </ol>
