### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
REVISION comments	<ul style="list-style-type: none"> <li>- The Title "Formation of Mountain Ranges" has a general meaning. You should be more specific to name your paper in a better way.</li> <li>- The text used in the abstract is the same in the conclusion. You should conclude your communication in a better way. Readers should get the idea from your abstract and the main conclusion from your summary. You have to be more specific.</li> <li>- The first paragraph of the "FORMATION OF MOUNTAINS CHARACTERIZED BY FOLDING" section is copied from the abstract as it is. This issue should be resolved.</li> <li>- The image in Figure 1 is consists of 3 individual elements. These elements should be identified and referred to (e.g., (a), (b), (c)). Ensure that each element must have a caption as a brief description.</li> <li>- If you reproduce or adapt the <i>Figure 2 and 3</i> from another source, you should include the reference of each one of them.</li> <li>- The mathematical equations must be centred on the page and labelled with Arabic numerals, right-aligned, in parentheses, and referred to by those numbers in the text.</li> <li>- The English language needs revision. Your manuscript must be 'spell-checked' and 'grammar-checked'.</li> </ul>	
Optional/General comments	<ul style="list-style-type: none"> <li>- This paper has either no line numbering or page numbering which made the reviewer task challenging.</li> <li>- The author must provide a suitable version of their manuscript before resending this paper for another revision.</li> </ul>
