

Review Form 1.6

Journal Name:	Journal of Geography, Environment and Earth Science International
Manuscript Number:	Ms_JGEESI_87327
Title of the Manuscript:	The bike-courier as an energy efficiency instrument at the University of Guadalajara (Pilot study)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljgeesi.com/index.php/JGEESI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is of good quality. The problem stated is common in many developing countries in Sub-Saharan Africa, Asia and Latino-America like Mexico. A solution of this kind can be scaled-up to other countries.	
Minor REVISION comments	(a) Re-arrange abstract to include: Short introduction, aim of the research, methodology used in the study, results and discussion, and recommendation for the future studies. (b) Main part of your literatures are from websites. Websites are not permanent. They can be deleted any time. So, it is difficulty to trace them. My advice is cite more from books and Journals. (c) Improve visibility of equations.	
Optional/General comments	Overall, as I said, the manuscript is good. It can be published after review of the raised comments.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
