PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. The author can replace the article with references of the last 5-10 years 2. The conclusion sub-chapter should be added according to the standard case report writing 3. The introduction should explain the epidemiological data of soil-transmitted helminth infections (globally and in Nigeria at a recent time), the definition of soil-transmitted helminth infection 4. There is no relationship between the title and the content of the article (it must be clarified the meaning of helminth infection, which is similar to Plasmodium infection, or in this case, it is proven that the patient suffers two different diseases) 	
Minor REVISION comments	the author improves the grammar of writing according to the direction of the reviewer	
Optional/General comments		

Review Form 1.6
