### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Using minced herbal crude powder in a hard gelatin capsules, it is not feasible, as the active ingredient content is very low. The author needs to describe in more detail the content of each herbal ingredient in a hard gelatin capsules. The author uses ethanol for extraction, it is not called green, if using water for extraction will be more suitable. The author needs to come up with different formulations containing each herbal ingredient content in a pill, and then evaluate the trials. Thus, the manuscript will be more convincing.
