### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The work is very interesting and time demanding. Though I have certain points to be figured out to increase the quality of the manuscript</p> <ol style="list-style-type: none"><li>1. Sentence needed to be carefully done and english correction needed to be done. As some gramatical and sentence making errors are there that may make the manuscript less valuable</li><li>2. Not only table but some graphical presentation may enrich the total value of the result section as well as</li><li>3. At the discussion part more description regarding the previousl works needed to be added to link up the necessity of the work and value of the content.</li><li>4. Rewrite the conclusion part and emphasize more on the potentiality of the plant components and future prospects</li></ol>	
<b>Minor</b> REVISION comments	Please check the spelling and scientific terms.	
<b>Optional/General</b> comments		

Review Form 1.6
