PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> - The proposed manuscript is scientifically coherent, it is clear, some parts need to be reworked. - The manuscript needs a review of the English language by a native speaker, as some sentences are confusing and have several typographical and/or grammatical errors. - The results need to be more discussed and developed. - The introduction seems too long, and the conclusion needs to be re-written. - So, I would advise the Authors to carry out an extensive review of their manuscript, in order to add value to their work. <p>The manuscript needs a Serious Major revision to be considered in publication in Journal of Pharmaceutical Research International</p>	
Minor REVISION comments	The most part of my review is within the text of the submitted paper	
Optional/General comments	The most part of my review is within the text of the submitted paper	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

SDI Review Form 1.6
