Type of the Article	Review Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The article looks like a compilation of already known facts. There are various researches done in this area and based on scientific facts, it is well known that Diabetes does affect patients with covid-19 more than those without any comorbid condition.</p> <p>Thus, the study fails to highlight any new information. Or at least this is nit understood from the way it is written Authors are recommended to re-write the paper focussing on what new information is being highlighted in the study.</p> <p>Moreover, authors are recommended to look at the references and follow a proper format (APA) for the same</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	<p>Looks like a very basic compilation of already known studies. Can be considered as an informative article but not as a research study</p>	

Review Form 1.6

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
