PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none"> 1) The manuscript should be revised by a native English speaker. There are many grammatical mistakes and punctuations. 2) As the author has mentioned, the sample size is low and should be increased. 3) I believe a control group from non-COVID patients from the study hospital should be added to the study groups for better interpretation. 	
<u>Minor</u> REVISION comments	<ol style="list-style-type: none"> 1) The manuscript should be revised by a native English speaker. There are many grammatical mistakes and punctuations. 2) As you has mentioned, the sample size is low and should be increased. 3) I believe a control group from non-COVID patients from the study hospital should be added to the study groups for better interpretation. <p>In abstract, you referred to the table and figure which is not common. Please report the results independently in abstract</p>	
<u>Optional/General</u> comments	I think it is better to show the results in graph rather than the table. It is better for readers.
