

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_72126
Title of the Manuscript:	HEMATOLOGICAL PARAMETERS IN PREGNANT WOMEN WITH SPECIAL REFERENCE TO IRON
Type of the Article	Original Research

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

**Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>1. General remark</b></p> <ul style="list-style-type: none"> <li>- Improv the English level</li> <li>- Respect the classic structure of an article: Abstract- Introduction- Material and methods – Results and Discussion – Conclusion and References. <b>So we recommend that the authors discuss their results and provide an a conclusion</b></li> </ul> <p><b>2. Abstract</b></p> <ul style="list-style-type: none"> <li>- <b>The methodology, results and conclusion sections are missing</b></li> </ul> <p><b>3. Introduction</b></p> <ul style="list-style-type: none"> <li>- We recommend that the authors clearly state the aim of the study here.</li> <li>- 2<sup>nd</sup> paragraph, 1<sup>st</sup> line, write “<b>is</b>” instead of “<b>1s</b>“ in this sentence: There 1s disproportionate increase of plasma volume ..... and hematocrit value.</li> <li>- 4<sup>th</sup> paragraph, 1<sup>st</sup> line, delete “<b>fs</b>” from this sentence: The mean minimum normal hemoglobin in healthy pregnant women fs between 11 and 12 g/dl.</li> </ul> <p><b>4. Material and methods</b></p> <ul style="list-style-type: none"> <li>- Statistical analysis: <b>Write significant instead of signi ficant</b> in this sentence: The results are <b>signi ficant</b>, Bonferroni multiple comparison test has been ....</li> <li>- <b>It is write: standard software...; Please name precisely the software used for the comparison of the variables.</b></li> </ul> <p><b>5. Ethic consideration:</b> This section is not present in this manuscript. As the authors have worked on humans, a presentation of the study to the women and their consent to participate in the study are required prior to their enrolment. Therefore ethical approval is required before the implementation of this type of study. So we recommend the authors to provide the ethical approval number and the references of the ethical committee that approved the study.</p> <p><b>6. Results</b></p> <ul style="list-style-type: none"> <li>- The table 1 is not necessary and can be deleted. For all results, either present them in table form with small comment or present them in text form only but not both. Please take this into account</li> </ul>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> <p>Yes</p> <p>1. Ethic consideration: This section is not present in this manuscript. As the authors have worked on humans, a presentation of the study to the women and their consent to participate in the study are required prior to their enrolment. Therefore ethical approval is required before the implementation of this type of study. So we recommend the authors to provide the ethical approval number and the references of the ethical committee that approved the study.</p> <p>The authors are invited to provide ethic information's in the manuscript.</p>
