PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>This paper can be accepted, provided author's respond to the comments and make substantial changes in the revised version.</p> <p>-About mechanisms of action and pharmacological properties of number of antibiotics and drugs such as Emetine, teicoplanin and used for the treatment of COVID-19 are not mentioned.</p> <p>-It will be better if part "Modulation of Immune system" is summarized and part "availability of targeted drugs" is completed.</p>	
<u>Minor</u> REVISION comments	<p>- Some typos and grammar errors need to be corrected, perhaps a native speaker should read the manuscript to fine tune it.</p> <p>-Citations in the text with name and publication year should be modified as with numbers within brackets.</p> <p>-Unfortunately reference citations are not in the correct format (need to revise the references list according to Paper Submission Guide).</p>	
<u>Optional/General</u> comments		

Review Form 1.6
